A new time-table goes into effect on the D. & H. C. Co's railroad on Monday, June 1. The only change in the time of passenger trains is that the train now leavvig this city at 12:20 will hereafter leave at 11:30 and arrive in Scranton at 12:20. This will give our people who have business in the latter place fifty minutes longer to spend there and will be quite an advantage in that respect. Freight train No. 20 will leave here at 10:55 a. m., and arrive in Scranton at 12.40. Besides this there are changes in one or two coal trains of interest only to employes. Conductor Gilbert's accomodation which leaves here at 6.10 a.m., will hereafter run through to the D. L. & W. depot in Scranton.

A NEW PASSENGER TRAIN.

It Will Go South From This City at
10:50 p. m.

A new time table will go into effect next Monday on the Delaware and Hudson road, in which the Company has made one of the most enterprising moves in years. It is in the addition of a night train south the need of which has long been felt all through the valley, and which will undoubtedly pay the company well eventually, if not immediately. The train starts at Nineveh at 8:35 p. m., arrives at Jefferson Junction at 9:25, Forest City at 10:35, Carbondale at 10:50, Jermyn at 11:00 and Archbald at 11:05, reaching Scranton at 11:35 and arriving at its destination, Wilkes-Barre, at 12:25 a. m. This arrangement will make a fine route from Boston through to Wilkes-Barre with splendid connections, the A. & S. train leaving Albany at 4 p. m., connecting with this train.

It will especially benefit Carbondale since it will give persons down the valley an opportunity to spend the evening here and return home the same night. It will bring many parties from Archbald, Jermyn and Mayville to this city, and other pleasure parties which have heretofore been obliged to stay away or stay over night—and they generally stayed away—can now visit their friends here, enjoy a long call and get home in quite a reasonable time for bed.

The local train now leaving here at 6:20 p. m. will leave at seven o'clock.

These train are the only new features of the revised time table of the steam road. On the Gravity there is one slight alteration, the last train in the evening leaving Honesdale five minutes later—5:25—and arriving here five minutes later—6:50.

❖ The Fouquet House, Plattsburgh. ❖

TRAVELERS between Lake George or Saratoga and Montreal, or entering the Adirondacks, find the FOUQUET HOUSE, Plattsburgh, a favorite resting place. The house is directly opposite the railroad station, and all trains on the Delaware and Hudson Railroad stop there for meals. The Chateaugay Railroad, whose trains start from Plattsburgh, is the popular entrance to the leading summer resorts of the Adirondacks.

The broad piazzas of the FOUQUET HOUSE afford charming views of Lake Champlain and its Islands, and of the Green Mountains and the Adirondacks. Plattsburgh has many points of interest for the sojourner—excellent driving, boating and fishing provide means for enjoyment. The FOUQUET HOUSE, which can accommodate 125 persons, has been thoroughly renovated and

is bright and cheery inside and out. There are electric lights throughout the building. The table and the table service are unsurpassed. The gardens of the hotel are famous.
